Elephant of My Heart

by Jessica Clements

Director: Beth Wood

A colossally inventive and deliciously ensemble musical play for children.

Original songs by Chris Chambers.

Supported by David Gold and Creative Funding Solutions.

A nine year old girl recovering from brain surgery is visited by a 10 foot elephant and a host of other splendid and sometimes scary creatures.

Together they help her to find the light at the end of the tunnel, even if she does get rather wet along the way!
